

Pastoral Search Team Vote

Introductory Thoughts from The Session

Each person listed on the Pastoral Search Team (PST) ballot is an active member of PCC and has been nominated by fellow members. Each nominee listed on the ballot is fully recommended by the session as a potential member of the PST. All of these persons meet the primary qualifications of prayerfulness, wisdom, gospel maturity, and commitment to PCC. It is the session's privilege to commend this full list of nominees to you.

Additionally, following the guidance from our search consultants, the session is suggesting a slate, a team that includes broad representation from across our congregation. In order to recommend this team, the session has considered factors such as gender, life-stage, and engagement in different areas of church life here at PCC — Hope for LA, Community Groups, Family Ministry, Downtown or Westside, etc.

Please vote for the eleven members that you believe would best form the PST. You may vote for two elders, three deacons, and six members at large. Those on the recommended slate will have asterisks beside their names on the ballot. The top two vote recipients in the elder category, the top three in the deacon category, and the top six in the members at large category will be elected to serve on the team, regardless of whether they were on the suggested slate or not.

We look for the Spirit to speak collectively through our body to give us the best team for this important journey ahead! May the Lord continue to bless our paths moving forward and guide us toward our next senior pastor!
